

Understand the impact of your behaviour on teaching and learning

Your individual qualities, attributes and characteristics are the foundations on which pedagogy is built.

Our Facilitated Personal Professional Development Programme helps you to identify your inner teacher and gives you the tools to maximise your impact in the classroom.

for Teachers

- Better understand your personality; your self-perception, how others see you and your intrinsic motivations
- Gain insight into how this influences and shapes your teaching style
- Discover strategies that work for you to adapt and improve your teaching and help you manage stress

for Leaders

- Gain a sophisticated knowledge of your personality and how this affects your leadership style
- Be coached in how to use your insights to improve relationships, performance and culture
- Access advice and support on school improvement, culture change and business management

How we work...

We work with you to understand your goals and objectives and design a programme based upon your needs. We leave you with tools to feed into and improve everyday teaching and your on-going professional development.

The **Diverse Essentials** package involves:

- Undertaking a personality profiling exercise online
- Capturing your lesson using IRIS Connect and sharing it with our consultant
- Receiving written feedback on your profile and lesson observation
- An in-depth feedback discussion to identify your areas for development and create an action plan for moving forwards

As an IRIS Connect user, you can benefit from the Diverse Essentials package for only £480.

*Only available for IRIS Connect schools

I have found the 1-2-1 work with Maria from Diverse Difference to be the most profound and powerful professional development I have ever been part of. The impact of the work has been significant and has resulted in my increased performance as a leader.

James Everett
Headteacher, Barnham Primary School

//

I've been watching what I do a lot in response to this experience. As a CPD opportunity, I feel I've benefited from this more than from any other training course.

Rachel Ghinn
RE Teacher, Bishop Luffa Secondary School
